Empowering Futures is the Student Work Placement Program for Canada’s electricity industry. Gain the professional skills and experience you need to secure your first job and succeed in the industry.  

And earn while you learn.

Visit electricityhr.ca/empowering-futures to learn more

For a first placement at a company, there is a 44% chance interns will join as full-time staff on graduation. After a return placement, there is a 90% chance they convert to full-time.
